Women in IT Networking at SC (WINS)

- The Women in IT Networking at SC (WINS) is a multi-year program initially funded by the National Science Foundation (NSF). *
- Was developed for addressing the prevalent gender gap that exists in Information Technology (IT), particularly in the fields of networking engineering and high-performance computing (HPC).
- Collaborative project managed by:
  - **University Corporation for Atmospheric Research (UCAR)**
  - **Energy Sciences Network (ESnet)**
  - **Indiana University**
- It was originally introduced as a pilot program** in November 2015 at the SC15, and has supported volunteers for SC16 - SC23.
