High relevance – Margrethe Vestager G7 Digital Tech meeting

"If we can envision a subsea cable that can connect Europe with Japan and the West Coast of Canada and US. We could drastically reduce latency(...) The business benefits are really obvious(...)"

Results of G7 Digital and Tech Ministers' Meeting in Takasaki, Gunma

Connectivity

- Complementary to existing Suez Area connections
- **Northern European fast track to Asia**
- Strengthens and supports EU digital sovereignty
- Part of EU Global Data Gateways concept
- **Geopolitical considerations**

Northern EU Gateways project
